Our hard working community is welcoming & friendly; students and staff make excellent progress together, here on the beautiful North Yorkshire coast.

Outwood Academy Redcar has recently become part of the Outwood Grange Academies Trust. Since working with the Trust our results have more than doubled and we are now second in the Local Authority for progress.

In short, this is an exceptional place to build your future, whether you are a student keen to learn or a teacher determined to progress.

The role of the teaching assistant across the Academy is to promote the learning and welfare of students by providing practical and learning support to students, including those with statements of special educational needs, under the direction of a class teacher and our Inclusion Co-ordinator.

You must possess the skills and determination to make a significant difference to the lives of our students and share our single goal of 'Students First'.

We believe that all teaching and support staff posts within our Family of Schools are key posts in terms of supporting student success and achievement across a broad range of subjects and experiences. As such we are keen to recruit dedicated and ambitious professionals who will add value to our Academy in both academic terms and through involvement in the fabric of learning and success beyond the classroom.
